

## The CleanSkins Team Difference

*Hi, I'm Veronica the owner of CleanSkins Laser Clinic Warrnambool. We are currently looking to expand our team with specialists in the skin and laser fields.*

*Working in our team is very different to many other salons/clinics. And we wanted to tell you why.....*

### Our difference:

♥♥ We put results 1<sup>st</sup> with everything we do! If you put results 1<sup>st</sup> it will always be a win win for your clients, you and the clinic!

♥♥ We don't offer every treatment in our industry, we specialise in hair removal and skin treatments! We never offer 'fads' or 'too good to be true' treatments! You will never have to offer a treatment that is substandard!

♥♥ Our therapists are encouraged to specialise in the treatments they are most passionate about!

♥♥ We only have the best treatment equipment that money can buy! And trust us there is a difference, we often get clients that have been to other salon/clinics with inferior laser hair removal, needling and/or LED devices that simply have not achieved the results they should have due to the lower quality equipment!

♥♥ We only offer retail skin solutions that actually change skin! We offer dermaividuals, Jane Iredale, Imbibe ingestible beauty, Simka and Nordic Naturals omegas

♥♥ We all have an "I can fix skin attitude" and get excited when a client with acne, rosacea or any other skin condition walks in, because we know that we can change that client's life by fixing their skin.

♥♥ We get generously rewarded for high performance.

♥♥ We all individually have a passion for education and growth and continually strive for knowledge to be the best we can be.

♥♥ We encourage our team members to develop their own career and in addition offer regular training and mentoring both in clinic and externally.

We work cohesively as a supportive team who thrives on collaboration.
